### Sample response

This is a picture taken outside the street. In the middle of the picture, there is a long street with some people walking in the both directions. I can see some buildings standing in a row on either side of the street.

The building on the left has a restaurant on the first floor. There, some people are enjoying a meal outside under the awning. On the right side of the picture, I can see that they have set up a stand to hold an event of some sort. It seems like they have just opened up and are getting ready to meet the guests. I think many people will soon gather around this stand. From the colorful signboards which attract the people's eye, I can tell this is a famous place for tourists or the people to have a fun time hanging around.
